

This section illustrates the tracing process for the letter 'n'. On the left, a cartoon character with a small nose is shown with a yellow pencil pointing to the letter 'n' on its face, labeled with the number '1'. A yellow arrow points to a large, solid black letter 'n'. To the right, a blue-bordered box shows a hand holding a pen, with an arrow pointing to a red 'n' on a blue-lined background, labeled '+1'. Below this, a large 'n' is shown with a red outline and a black fill, with a red circle containing '+1' and the number '2' indicating the second stroke.

This section illustrates the tracing process for the letter 'm'. On the left, a cartoon character with a large mustache is shown with a yellow pencil pointing to the letter 'm' on its face, labeled with the number '1'. A yellow arrow points to a large, solid black letter 'm'. To the right, a blue-bordered box shows a hand holding a pen, with an arrow pointing to a red 'm' on a blue-lined background, labeled '+1'. Below this, a large 'm' is shown with a red outline and a black fill, with a red circle containing '+1' and the number '2' indicating the first hump, and the number '3' indicating the second hump.
